

Project work and progress

Åsa Cajander

Mid term evaluation

Dual goal:

- How has it been so far?
 - What have you done so far?
 - How many times have you had meetings?
 - Is everyone contributing?
 - Etc.
- What can be improved to make the final weeks good?

What do the customer's think?

- I asked the customers:

How has the collaboration worked so far?
Now a few weeks have passed, and I will talk
to the students about their project work.
Is there anything special that you want
me to talk to them about?

Anonymous answers:

- Contact:
 - Only one group has contacted me.
 - Two groups have contacted me.
 - One group has contacted me.
- My tips are
 - Don't focus on the product. Focus on the process.
 - Do certain assumptions about the size of the project and the budget

Timetable for the projects

- 10/3 mail draft of report to Can, Åsa and Rebecka (in two weeks).
- 15/3 discuss in the groups that have read the same books.
- 18/3 ~ 8.15-17 project presentations for customers – mandatory. The reports should be finished.
