Study abroad
Exchange @IT

Why?
- Highlight in your education: life experience
- Learn about (IT and CS) topics not taught at UU
- Linguistic competence - increasingly important
- Cultural competence - increasingly important
- Asset in your CV when applying for jobs
- Never been so easy!
- Stipends are available!
- New friends!
- Fun!

http://www.it.uu.se/student/study_abroad

However...
- Requires work overhead
- Requires own initiative
- Sometimes frustrating
- Sometimes lonely

http://www.it.uu.se/student/study_abroad

How?
- IT-dept exchange programmes
- TekNat Exchange programmes
- UU exchange programmes
- Own initiative

Where? IT-dept Exchange Programmes

Rules & formalities

Rules
- One or two terms
- Best during year 3, 4 or 5
- Credits are transferred to UU, if no overlap
- CSN money continue to flow
- You must have completed your UU courses
- Does not matter what programme – competence matters

Formalities
- Apply by 15/3 for IT-dept & TekNat exchange
- UU exchange programmes: deadline vary
- Also apply for courses at UU, just in case
- Often easy to get accepted, at least for exchange@IT

How?
- The IT-dept does the paperwork
- The IT-dept selects the students according to quotas
- You get help finding student housing (more or less)
- The IT-dept evaluates your language proficiency
- A Learning Agreement is done in advance
- Consider taking a language course before leaving
- Language courses are often offered at host universities
- Exchange programmes with EU+TR+CH give stipend
- A written report is required upon coming home

Summary
- An experience that is hard(er) to have later in life: seize the opportunity!
